

# VEHICLE SAFETY RECALL

Campaign Number: APT1246

## Upgrade for Suspension System of the APT1240 Aunger Pro-Trailer sold from August 2005 till Present.

The following voluntary recall notice relates to the suspension system for the Aunger Pro-Trailer (Part Number APT1240). Aunger are supplying an upgrade to the system by way of a coil spring shock absorber kit that will ensure the long-term endurance and load carrying capabilities of the trailer.

**Safety Issue** - Testing indicates potential problems with the suspension system under full load and in rough road conditions, including 'sagging' of the torsion bar. In the interest of consumer safety the trailer should not be used until the upgrade kit is received.

**Action** - The kit will be supplied to each registered owner of the trailer, those owners who do not have their trailer registered with their state authority should contact Aunger on the details below to receive the kit. Provision for fitment of this kit onto the trailer is already in place and installation is as simple as 4 bolts. Further information regarding this recall and installation is included with the kit.

**IMPORTANT** – Trailers purchased from 3-2-06 ALREADY HAVE the suspension kit included as part of the purchase price. For information on this recall or any other trailer related matter, please contact Aunger on 07 3260 2400. This recall campaign is in effect from 09/02/06.

Aunger are committed to safety and quality and we sincerely apologise for any inconvenience caused by this recall.
